

**Never lose concentration** as that will make the matter worse. **A strong focus mind** is all that is needed to ace a high valued competitive exam like OET.

### **OET Reading Sample | OET Reading Practice | Reading Tips**

The duration of the OET Reading subtest is **60 minutes**. The aim of the OET reading subtest is to **assess the reading skills of the test takers in healthcare settings**. It consists of two texts that accompany with multiple-choice questions. The OET reading questions are suitable for all the medical and health professions. The texts are based on **health-related topics**. Each text is accompanied by **10-14 questions or incomplete statements** about the text. There will be four suggested answers. The test takers are required to choose the one answer which you think fits best. You will be given a written leaflet with the text and questions and a separate answer sheet to complete. You must specify your selected response (A, B, C or D) for each question **by coloring** the suitable oval on the answer sheet. This must be done with a **soft pencil**. You should reply every question because you will not lose marks for wrong answers. You have to complete the answer sheet within **the 60 minutes**. You will receive a **zero score** if your responses are not marked on the answer sheet.

In order to pass the OET exam, candidates need to acquire an outstanding level of English proficiency.

We have prepared OET Preparation course to help students get ready for the OET. Our course provides inclusive, practical knowledge in the variety of skills needed to productively complete the OET. The OET is intended to check language skills desirable for effectual communication with patients and colleagues within the medical profession. **The OET preparation course guide**
